OFFICE OF FINANCE NOTICE NO. 9-79

25X1A

SUBJECT: CY 1980 Overseas [ ] Finance (MF) Vacancies

1. Attached is a list of positions at Class A and B Stations which are expected to become vacant during 1980. This list is based on data available at this time, and it should be noted that some of the projected vacancies may not be filled in 1980 due to possible extension or position changes. As you know, nominations are made to the respective components having jurisdictional control of said position.

2. The MF Career Subgroup has in the past been afforded the opportunity to fill several administrative assistant/officer positions overseas belonging to the MG Career Subgroup. These positions generally do not require the degree of professionalism necessary for a class A Station but do provide a considerable amount of financial experience in handling class B accountings and in addition a means of obtaining support experience in the areas of general support, personnel, logistics, and security. We will not have information as to location or timing of these positions for CY 1980 until a later date.

3. You are encouraged to indicate your interest in being considered for one or more of the positions as stated above and/or as listed on the attachment by forwarding a memorandum to the Office of Finance Executive Officer, Room 1213 Key Building. If you prefer to discuss the qualifications required for these positions, please contact the Executive Officer [ ] for an appointment.
